

Snow Removal Service Agreement

Hello, thank you for choosing Fargo Lawn Service! This statement of services is an agreement that we will take care of snow for your property from November 1st to April 15th. **PLEASE UPDATE ANY INFORMATION BELOW & RETURN THIS SHEET ASAP! Spots are limited and we will NOT be taking any extra over our seasonal limit. Any signups received before Oct. 1st receive \$100 off services.**

Customer Name: _____ Phone: _____

Email: _____ Service Address: _____

Seasonal Snow Service - Snow plans will cover any snowfall 1" - 2" or greater between Nov. 1st - April 15th. This is a one-time payment, unlimited service visits and good for the whole season. This also includes free plow returns. Any blowing snow, or accumulations of snow, less than your service amount that needs service will be up to the homeowner. We can't predict when a snowfall will end or guarantee anyone to be cleared out by 7 a.m. but customers can expect to see removal of snow within 1-12 hours after a snowfall has completed, 24 hours guaranteed. In the event of a multi-day snowfall, driveways will be cleared to allow access to get in or out and cleared again with any sidewalks once snow has subsided. Driveway only service will not include walkways to the front door or city sidewalks and leave approximately 1-3 feet in front of garage doors and around any parked cars. Driveway & sidewalk only service will not include walkways to the front door and leave approximately 1-3 feet in front of garage doors and around any parked cars. Snow stakes will be provided to mark areas of service. **Sign up with a neighbor for a discounted rate! Extra length/width driveways and corner lots may be subject to extra charge. (Payment non-refundable after signup)**

_____ **ELECTRONIC** (Venmo, PayPal, Zelle, standard fees may apply)

_____ **CASH** 25% discount will be applied. (please do not mail, we can arrange for pick up)

We guarantee our work and you can count on us to show up snowfall after snowfall. We also need a little help from you to keep up a great job. Any items left out in the driveway or patio will be skipped to prevent accidental damage. We recommend storing these things for the winter. (Welcome mats, decorations, flowerpots, solar lights, etc.) Any damage of not properly stored items is the responsibility of the homeowner. Please remove all cars from driveways and in front of mailboxes. Due to the size of our equipment, any cars left in the driveway will be worked around, about 1-3 feet away. This includes behind and on the sides of vehicles. If there is no room for snow removal equipment in front of a car, that will also be left. If you are unable to shovel in front of your garage door, around cars and walkway to your front door, "Full Service" is the recommended package for you. If you have any questions or would like to discuss specific needs for your property, please contact us as soon as possible. Please note, due to the damaging and unhealthy effects of ice melt on walkways, driveways, porches and pets, the customer shall be responsible for use of proper ice melt application on potential icy areas. If you are comfortable and agree to the contract & services you selected, please sign & date below, and get this sheet back to us as soon and any way possible. You can mail, fill out on your phone, or submit pictures via text message of this completed form to the number or address below. Thank you!
