Snow Removal- For a safe, cleaner driveway all winter long, snow plans will cover any snowfall 1" or greater between Nov. 1st - April 15th. We can't predict when a snowfall will end or guarantee to be cleared out by 7 a.m. but customers can expect to see removal of snow within 1-12 hours after a snowfall has completed, 24 hours guaranteed. In the event of a multi-day snowfall, driveways will be cleared to allow access to get in or out and cleared again with any sidewalks once snow has subsided. Driveway & sidewalk service without full service will not include walkways to the front door and leave approximately 1-2 feet in front of garage doors and any parked cars. City ordinance states city sidewalks must be cleared within 24 hours so we will not be offering driveway only packages any more. Snow stakes will be provided to mark areas of service.

Review & select from the following: (Place a check mark (✓) or "X" on the lines of services you need)

____ **Per Time Snow Service-** Pay each time after a 1"- 6" snowfall has completed. Snowfalls greater than 6" will add an additional \$15. Extra length, width, alley way & corner lot driveways + \$10/ time. Any returns for the city plow will be invoiced as ½ a service. Any blowing snow, or accumulations of snow, less than 1" needing service will also be invoiced out as a FULL service. Customer's card will be charged on arrival, before completion. **Any failed payments will result in a 25% service fee with no service. Service will resume at Fargo Lawn Service's convenience, once payment is completed.**

* Driveway & Sidewalk Service *

(Driveway, mailbox & City Sidewalk Only)

_____ 1-2 Car Garage \$75-\$100 _____ 3 Car Garage \$85-\$110 _____ 4 Car Garage \$95-\$120

_____ **CASH** (please do not mail, we can arrange for pick up). (Seasonal & Per time)

_____ **CHECK** Mail a check back with your agreement sheet. (Seasonal only)

_____ **ELECTRONIC** (Card on file ONLY) (Seasonal & Per time)

We guarantee our work and you can count on us to show up snowfall after snowfall. We also need a little help from you to keep up a great job. Any items left out in the driveway or patio will be skipped to prevent accidental damage. We recommend storing these things for the winter. (Welcome mats, decorations, flowerpots, solar lights, etc.) Any damage of not properly stored items is the responsibility of the homeowner. Please remove all cars from driveways and mailboxes. Due to the size of our equipment, any cars left in the driveway will be worked around, about 1-3 feet away. This includes behind and on the sides of vehicles. If there is no room for snow removal equipment in front of a car, that will also be left. If you are unable to shovel your garage door and walkway to your front door, "Full Service" is the recommended package for you. If you have any questions or would like to discuss specific needs for your property, please contact us as soon as possible. Please note, due to the damaging and unhealthy effects of ice melt on walkways, driveways, porches and pets, the customer shall be responsible for use of proper ice melt application on potential icy areas. If you are comfortable and agree to the contract & services you selected, please sign & date below, and get this sheet back to us as soon and any way possible. You may mail, fill out on your phone, or submit pictures via email or text message. Thank you!
